

# Pathophysiology

3<sup>rd</sup> year, general medicine

## Program of practical exercises

Summer semester 2020/2021

Department of Pathophysiology, UNIMEC

Week	Date	Topic
1	1. - 5. 3.	Seminary: Pathophysiology of motor function
2	8. - 12. 3.	Seminary: Pathophysiology of biological rhythms and sleep
3	15. - 19. 3.	Seminary: Pathophysiology of cognitive functions and behaviour
4	22. - 26. 3.	Seminary: Pathophysiology of brain oedema and intracranial hypertension. Disorders of neurotransmitters
5	29. 3. - 2. 4.	Seminary: Pathophysiology of the spinal cord and the brain stem. Disorders of consciousness
6	5. - 9. 4.	Seminary: EEG. Epilepsy. Anaemias. Acid-base balance
7	12. - 16. 4.	<b>A:</b> EEG. Stereotaxis
8	19. - 23. 4.	<b>B:</b> Step test, Letunov's test
9	26. - 30. 4.	<b>C1:</b> Wound treatment repetition
10	3. - 7. 5.	<b>C2:</b> ECG repetition
11	10. - 14. 5.	Seminary: Pathophysiology of the cerebellum, ataxias.
12	17. - 21. 5.	Seminary: Pathophysiology of water and ion metabolism
13	24. - 28. 5.	Repetition
14	31. 5. - 4. 6.	Substitution, credit
